PRODUCT DESCRIPTION

Mid-century modern Harvey Probber sectional sofa in cognac leather.

This three-piece mid-century modern Harvey Probber sectional seating arrangement includes a three-seater sofa, a two-seater settee, and an armless lounge chair in the original Cognac Leather.

This is the sexiest and most iconic design from Probber, who is often credited for inventing the custom order sectional sofa. The mirrored chrome base reflects the floor giving the sofa the illusion that it is floating. Very similar in style to the B&B Italia Mario Bellini designed Camaleonda Sofa. The Deep Tuft Sofa appeared in a New York Times - Sectional Sofas by Tim Mc Keough March 19, 2014.

1972

Excellent original condition. Wear consistent with age and use. The chrome bases show some typical surface corrosion.
