PRODUCT DESCRIPTION

Mid century modern nightstands, Milo Baughman for Arch Gordon Walnut and Solid Brass Nightstands.

This is a pair of mid century modern end tables/nightstands with three drawers designed by Milo Baughman for Arch Gordon. Both units have been professionally refinished and all of the solid brass legs have been removed, polished and re-lacquered. These early designs for Arch Gordon were some of the most well-crafted pieces that Milo Baughman ever produced.
