PRODUCT DESCRIPTION

Mid-Century Modern Mahogany dining table conceived by world renowned interior designer Paul McCobb and produced by Calvin for the "Irwin Collection" which was introduced in 1952.

This table has two 15" leaves and will extend from 72" with no leaves to 87" with one leaf all the way to 102" with both extensions in place.

Refinished. We opted to leave the original patina on the solid brass stretcher but it could easily be polished upon buyers request.
