### PRODUCT DESCRIPTION

Stunning matched pair of three drawer low chests designed by one of the masters of 20th-century modernism, TH Robsjohn Gibbings. The mahogany cabinets have been refinished to the highest possible standard in a dark espresso satin lacquered stain and the brass legs and fittings have been cleaned and re-sealed. The oak interiors are quite clean and one of the original Widdicomb labels is intact.

The chests exude a very elegant, formal brand of modernism and would also serve well as oversized nightstands.

Set of 2.
